-----  
I understand the International Baccalaureate Organization does not allow for rescheduling of exams for any reason except in the event of war or natural disaster. Because of this strict regulation, I understand that MPS will not receive a refund under any circumstances if the student misses the exam session(s) for which he/she is registered. Therefore, we understand that we are committed to completing the IB testing on the scheduled date and time. If the student does not responsibly complete the requirements for the certificate(s), we understand that we may be asked to reimburse the Midland Public Schools for the \$245 registration and testing fee.
